
Message from the State Secretary to the Minister for Foreign Affairs in charge of the National Community Living Abroad

Message from the State Secretary to the Minister for Foreign Affairs in charge of the National Community Living Abroad addressed to our compatriots intending to visit their homeland during the summer vacation.

My dear compatriots,

Every year, close to half a million among you make the trip back home to spend your summer vacation. I would like to extend a warm welcome to all of you.

The Algerian State strives to improve the facilities put in place to greet you and make you feel welcome during your stay. I can assure you that no effort will be spared in that respect.

I would like to let you know that a network of facilitating committees has been set up at seaports, airports, and land border posts and staffed throughout the country with people who are there to listen, assist, and provide information to you during your visit. Hereafter is a list of phone and fax numbers through which you can reach those people in all concerned national entry points.

Moreover, a priority access line has been set up for passengers with special needs (old people, people with disabilities, people suffering from chronic afflictions, pregnant women, and others).

Finally, I would like to inform those passengers arriving in Algiers by boat that the access passageway exiting across from the People's National Assembly building is now open over the entire summer vacation period.

The network put in place includes the following:

- A watch unit established at the office of the State Secretary and reachable toll-free by phone at 1040 or through email at djaliamae@mae.dz or communautema@mae.dz.

Local representatives, assigned to the staffs of the respective Walis, who can be reached through the following phone and fax numbers:
