

Call for Expression of International Interest for the Selection of companies specialised in projects Engineering and Management

1. Purpose

The Direction Centrale Coordination Technique and Development "TEC" issues a call for international interest for the purpose of :

"The Organisation and setting of a Repository for SONATRACH Engineering and Management projects"

This notice is intended , in a first step, to collect the expressions of interest from companies specialised in this field , with a view to their selection.

In the second step, the selected companies will be invited to withdraw the specifications relating to the project, in order to prepare their technical offer.

2. Requirements

The interested companies wishing to participate in this Project, shall be specialised in project engineering or be a Project Management Consultant or a Contractor.

3. Term for the expression of interest

Companies interested in this call for expression of interest shall forward their proposal within six (06) weeks from the date of publication of the present notice in the BAOSEM.

4. Requested documents

The interested companies will, for that purpose, send a letter of intention together with the following documents:

- The articles of association
- The certified balance sheets for the last three (03) fiscal years
- The company's organisation
- The company's professional references

In addition to these documents the interested companies will have to provide the following information:

- The repositories in terms of projects' engineering and management handbooks existing within the company
- Their experience in the engineering of industrial projects in general, and in the hydrocarbons facilities in particular
- Their experience in the conduct of industrial projects in general and in the hydrocarbons facilities in particular
- Any other useful information

The above-mentioned documents shall be sent to the following address:

SONATRACH

Direction Centrale Coordination Technique et Développement "TEC"
"L'Organisation et la mise en place du Référentiel d'Engineering et
de Management de Projets"

Djenane El Malik, Hydra, 16035, Alger, Algérie

A l'attention de Madame le Directeur Central

Direction Générale – 9^{ème} étage

Fax : 213 21 54 66 60

5. Information meetings

Upon reception of the written manifestation of interest by the companies interested in the project, Sonatrach will organize in Algiers, clarifications meetings for the interested companies in order to provide them with all the necessary information and clarifications regarding the scope of services.

6. Scope of services:

The project will cover the following services:

- 1- Detailed diagnosis of the mastery level of projects management and engineering within Sonatrach.
- 2- Benchmark study with similar companies.
- 3- Conclusions and recommendations.

4- Proposals of the strategy and policies to implement in terms of engineering and management of projects necessary to Sonatrach as a contracting authority.

5- Elaboration and implementation of the repository covering namely the necessary set of procedures in terms of engineering and management of projects.

It is agreed that the above- mentioned works are not restrictive; they will be, if need be, specified and/or completed after discussions with the companies, during meetings planned for that purpose.
